Charity Purpose:

Child's Dream is a charitable, not-for-profit organisation dedicated to empowering marginalised children and youth in the Mekong Sub-Region, which includes Myanmar, Laos, Thailand and Cambodia.

In essence, Child's Dream supports the educational development of disadvantaged children who often do not have access to government schooling or adequate schooling due to their living in marginalised and undeveloped areas. Those areas are predominantly border areas in Thailand with Myanmar, Myanmar, Cambodia and Laos.

Educational programs cover all the needs to maximise the childrens benefit from education. Projects cover school building construction and related infrastructure, school running costs, scholarships and teaching materials. Scholarships cover both basic and higher school education, vocational and university assistance.

Children in these areas are often malnourished and suffering from other health issues so to have the child be able to take advantage of their education development Childs Dream provides health care to these children also.

Offices are in Chiang Mai, Thailand and Siem Reap, Cambodia serve as bases for their activities.

In 2012, CDF had 30 staff members and 11 volunteers for various periods to execute the projects.

Child's Dream Foundation is a registered Thai Foundation number 0025/2548. Whilst donations to Child's Dream are tax deductible in a number of countries donations are currently not tax deductible for Thai income tax residents.

Review Process:

Child's Dream strives to be a highly transparent organisation and run by staff with high integrity. It has policies and staff which maintain core values with high standards of integrity, accountability and transparency, professional practice and provision of equal opportunities. Child's dream operates in a similar manner to a public company with audited financials accounts, an annual report and full disclosure of financial and operating results available on their website. Child's Dream operates in an efficient and cost effective manner with administration and marketing expenses below 6% of income (excluding volunteers time). Child's Dream is a fine example to other charities in terms of management, efficiency, communication with stakeholders and transparency

Description of Activities and Programs:

Child's Dream works with communities to improve healthcare and education for children and provide socioeconomic opportunities for families.
Focus on education because it is proven to be one of the most important factors for sustained social and economic development. One of the most important reasons why children and youth in the Mekong Sub-Region cannot complete their education is feeble health.
Child's Dream assesses and manages funding for projects using a Project Management Cycle.
Project management cycle involves:

1. Project Identification
2. Field visits
3. Due diligence and design
4. Donor matching
5. Implementation
6. Monitoring & evaluation
